	its unit, or in its local repository of academic texts.											
	The decision to publish such works is made in compliance with the											
	requirements of the legislation of Ukraine in the field of protection of											
	state secrets.											

### Requirements for the availability of an internal quality assurance system for higher education

The higher education institution must have a system for ensuring the quality of educational activities and the quality of higher education (internal quality assurance system), which provides for the implementation of the following procedures and measures:

- 1) definition of principles and procedures for quality assurance of higher education;
  - 2) monitoring and periodic review of educational programs;
- 3) annual evaluation of applicants for higher education, research and scientific-pedagogical workers of higher education institutions and regular publication of the results of such evaluations on information stands and / or in any other way;
- 4) providing advanced training of scientific and scientific-pedagogical workers and their evaluation;
- 5) ensuring the availability of the necessary resources for the organization of the educational process, including the independent work of applicants for higher education for each educational program;
- 6) ensuring the availability of information systems for effective management of the educational process;
- 7) ensuring the publicity of information about educational programs, degrees of higher education and qualifications;
- 8) ensuring an effective system of prevention and detection of academic plagiarism in the scientific works of employees of higher education institutions and applicants for higher education;

9) other procedures and measures.

The system of internal quality assurance of higher education is evaluated by the National Agency for Quality Assurance of Higher Education or its independent institutions for evaluation and quality assurance of higher education for compliance with the requirements for the quality assurance system of higher education approved by the National Agency for Quality Assurance Education, and Standards and Recommendations for Quality Assurance in Higher Education in the European Higher Education Area.
